25,000 Cases

CHEMISTRY

Alcohol 13.5%
pH: 3.47
TA: 6.9 grams / liter

PROSE

"It doesn't taste like anything else out there."

That's the idea.

Grapefruit, melon, white peach and honeysuckle favors. Clean, refreshing texture. Depth of fruit that defines its character. A splash of Gewürztraminer, yeah, that's where the faith comes into play.

?

"Why didn't I think of this before?"

~Alex Cose,
Winemaker

Leap year 2004 begged the question...how far should one leap?

Certainly one should aim far enough to be noticed.

Our Sauvignon Blanc is summer sipping, hammock swinging wine. And during winter? It's a perfect noshing-around-the-party-table wine.

This isn't heavy-thinking wine. Nirvana, hedonism and eternal bliss aren't found in a bottle, it's a state of mind.
