### PROSE

*Raw and gripping aromas of raspberries and blueberries. Drench your tongue in flavors of deep ripe berries, with hints of cinnamon, vanilla and just a hint of the "savage" found only in Shiraz. It's the savage quality that makes this the perfect wine for anything grilled.*

CENTRAL COAST

Rock Rabbit Shiraz may we suggest what to make of it.

Life-uncomplicated, simple, ready to take it.

It's all about the blueberry notes and the style that we make it.

If life is defined as a series of moments, why waste your life trying to uncork it.

Screwed  
up  
Shiraz

"Flavor beyond  
what your tongue  
is capable of  
tasting."
