35,000 Cases

### CHEMISTRY

Alcohol 13.75%  
pH: 3.46  
TA: 5.9 grams / liter

### PROSE

*"We love this wine."*

*That's the idea.*

*Crisp, clean and bold flavors of grapefruit, nectarine, melon and a touch of minerality. Refreshing and cool with a bright finish that zings. A brilliant addition of Gewurztraminer, and whoa, who taught the winemaker that trick. Splendid!*

# ?

*"This wine  
may change  
your life."*

~Alex Cose,  
Winemaker

Last vintage we audaciously proclaimed nirvana or eternal bliss weren't found in a bottle...perhaps we underestimated.

Zip, gusto, zeal, delight, zest...you name it, this wine actually had groupies. Not like those scary ones...more like the ones who went on to become famous in their own right.

Rock Rabbit Sauvignon Blanc is more than the perfect noshing wine, it's wine without oak, without attitude, and without the high price.

Cult wine for those who find their own.
